**145W MARINE GRADE SPEAKER SET**

Waterproof Crossover Speakers - Great for your boat

**NEW**

- MC5 | 39816230
- Unlike many other marine speakers which are painted metal baskets in white, the MC5 has a plastic basket and water tight seal around the posts. The grill allows the water to flush out fast. The crossover housing can be easily mount in the tracks on the plastic basket. The tweeter is also water resistant, so no worries when splashing them with water
  - The waterproofing has made them popular for RVs, ATVs, motorcycles and other all-terrain vehicles

**RSP INC \$1430**

**CLEARANCE - 20% OFF!**

Theia's curved design allows for flexibility in seating positions, with the front feet allowing the Theia to be mounted below the big screen and fire up to the head position of the viewer. Theia offers great margins for trade yet is capable to reproducing all the action that occurs at the centre of the screen.

**300W HESTIA HIGH FIDELITY LCR SPEAKER**

The perfect all round speaker

**SALE**

CAN BE DISPLAYED HORIZONTALLY OR VERTICALLY

**CLEARANCE - 20% OFF!**

The Hestia speakers are commonly used as LCR speakers, meaning they are suitable as a front left and right speaker to the sides of your TV. They also make a great centre speaker. But where it gets interesting is the professional use of Hestia speakers! In the March 2016 newsletter, we saw how vertically mounted Hestia speakers could be used as surround speakers in a cutting edge cinema.

# AIPHONE®

## GT SYSTEM

The AiPhone GT System is arguably the world's most popular intercom system for apartments. The GT is the premium option, but nevertheless, spec'd into most jobs due to its awesome reputation and reliability.

### NEW VIDEO MODULE FOR GT SERIES

GTVA A | 21816587

- A new high-resolution camera has been introduced to suit the new 7" video door stations
- It's a great upsell for revisiting old jobs as well as for winning new jobs
- The higher resolution is denoted by the 'A' at the end of the code i.e. GTVA has been replaced by the high res GTVA A.

RSP INC  
\$439

### STAINLESS STEEL VIDEO ENTRANCE STATION New for GT Apartment Series

#### The higher resolution GTDMA replaces the GTDM

- GTDMA | 21816581
- PTZ camera with 170°
  - The GTDMA is also equipped with a new high res camera
  - These high res cameras are backward compatible, so they still work with the old video door stations
  - You can upgrade the door station and deck out the penthouse apartment with 7" monitors and the other tenants can continue to use their existing monitors

RSP INC  
\$2140

### 3.5" COLOUR LCD VIDEO STATION Hands-free audio communication

#### GT1M3 replaces GT1C

- GT1M3 | 21816566
- People love the GT system for its reliability, but end-users are increasingly cost conscious. The new 3.5" GT1M3 will give you "Japanese reliability" at a much lower price point.

RSP INC  
\$470

### 7" COLOUR VIDEO TENANT STATION Now with higher resolution!

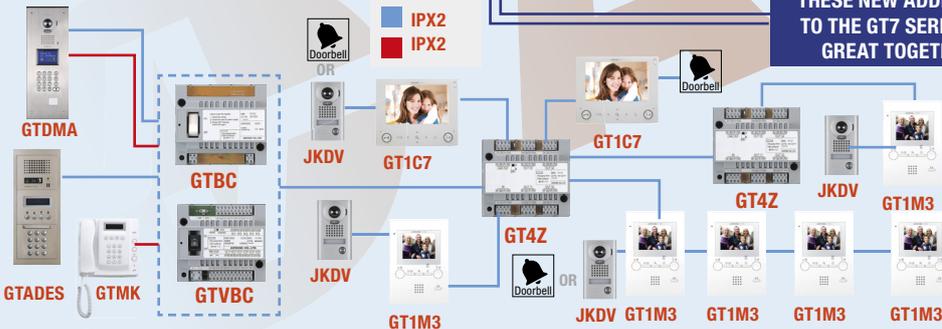

#### WITH 7 INCH SCREEN!

- GT1C7 | 21816567
- To trade the high resolution 7" screen costs just 20% more than the 3.5" screen, but the retail margin is much better
  - Much sure that both are quoted into every job
  - If your architect isn't convinced, bring them down to Radio Parts and get them to see it themselves!

RSP INC  
\$645

# MODULAR WALL PLATE INSERTS

**Pro.2**  
Providing AV Solutions

At Pro2, we understand that each job is different and each setup is unique. So that's why we created the MWI13 modular wall plate range.

Need 2 HDMI sockets and a Foxtel point on the wall? No problem, just pick your parts and assemble your own. Need to replace an old USB2 port with USB3? Just swap out the old one and replace it with the new without touching any other connector.

With our modular design you can simply mix and match up two 3 modules to suit your needs. They snap on tightly and securely giving a perfect finish, each time.

**STEP 1**

Grab the MW13FR blank frame

**STEP 2**

Choose up to 3 modules to make the exact wall plate you need
