## WIDE AREA IP MOBILE RADIO

Page 2

TooAir

Breaker, breaker, 10 niner.  
Bandit's in the Coop.

Okay boss, you're in the office...

Boss, no need to say "breaker, breaker". These  
are encrypted channels. No one else can hear us.

He's a big fan of Smokey and the Bandit. We  
get paid. Let's just go with it.

That's a 10-4 Hot Pants.  
Big fan.

Errrrrr, Hot  
Pants?

Darren  
(WEST VIC, NT, SA, WA)

Such a pity  
that these radios work  
across the whole country!

Joe  
(EAST VIC)

Mark  
(NSW, ACT)

More than 2 days battery life  
between charges. That's far too  
much battery life!

Ben  
(NORTH VIC)

Frank  
(NORTH NSW, QLD)

EXCEED YOUR VISION

## TRANSFORM ORDINARY SPACES INTO STUNNING VISUAL ENVIRONMENTS

### LIGHTSCENE - ACCENT LIGHTING PROJECTION

As featured at the Radio Parts signage training on the 10<sup>th</sup> of August, Epson have launched their new LightScene EV-100.

Ideal for retail, galleries and museums with a low visual noise design that blends in beautifully with displays and exhibitions.

The LightScene EV-100 Series is a new type of projector that expands the company's presence in the signage and lighting sector. Created to blend into the background with a sleek, conventional lighting design available in black or white, the 2,000 lumen WXGA EV-100 can work as either a projector or a spotlight without distracting viewers from the subject.

Its unobtrusive design is ideal for curated visual environments such as retail showrooms, shop window displays, museum exhibits and art installations, where minimal visual clutter is key. It can be used to provide information, show video or moving patterns, and even projection map imagery onto specific objects.

The design is clearly stylish and visually unobtrusive, without compromising performance, versatility or reliability.

○ EV100 | 43190910

● EV105 | 43190915

The dynamic laser projector for digital art and signage.

- 2,000 lumen brightness and detailed WXGA resolution
- 2,500,000:1 Dynamic ratio
- Scalable screen 30-150"
- Spotlight mode
- 3LCD technology
- Free content manager software to create and customise play lists

## ToooAir THE MOST COMPREHENSIVE HARDCODED RADIO TRANSCEIVERS AVAILABLE IN AUSTRALIA

### PUSH-TO-TALK RADIOS

ToooAir, the specialist Push-to-Talk over Cellular company have expanded their product offering with a new compact handheld and fixed mount mobile. Enhanced dispatch software also adds new features that make the ToooAir solution the most comprehensive hardcoded radio transceivers available in Australia.

PTToC Push-to-Talk over Cellular (PoC) is a technology offering VoIP two-way radio communication over a wide area utilising the cellular phone data networks.

All ToooAir transceivers have built-in GPS receivers that report position information to the dispatch console. The ToooAir platform is ideal for rental fleets with full over-air re-programming. With no ACMA spectrum licensing required, radios can be moved from fleet to fleet or new talk groups and operated anywhere in Australia.

### WIDE AREA IP HANDHELD RADIO INCLUDES GPS & DROP IN CHARGER 3000MAH

TA308 | 08605302

The TA-308 is a compact unit weighing just 225 grams. Features include a large backlit LCD display indicating Calling party, Group, Signal strength, Battery level and GPS acquisition. Two quick select buttons for Individual call and Group call make the TA-308 extremely user friendly.

RSP INC  
**\$429**

### WIDE AREA IP MOBILE RADIO INCLUDES GPS & 850MHZ ANTENNA

TA300 | 08605300

The TA-300 is a fixed mount compact mobile designed to fit under-dash, in-dash or adaptable to overhead console mounting with its reversible LCD display. Power sense auto switch-on ensures the user never forgets to activate the radio when starting the vehicle. The TA-300 is supplied with its own internal 850Mhz antennas with no external antenna necessary to operate in built-up areas.

RSP INC  
**\$549**

### WIDE AREA IP HANDHELD RADIO INCLUDES GPS & DROP IN CHARGER 5200MAH

TA388 | 08605304

The TA-388 handheld packs a big punch for a small radio. A large 5200mAh battery offers extended operational time well over 2 days. Programmable function keys, colour TFT display and easy menu driven functionality make this unit a breeze to operate. The TA-388 also offers SOS emergency call and USB charging.

## A SOLUTION TO BOOST POOR MOBILE COVERAGE!

**A NEW WAY TO REGISTER! PURCHASE NOW & REGISTER LATER ALL TELSTRA CELFI REPEATERS.**

Cel-Fi now have an app (Wave) to register the products at time of installation!

### HOW TO ACTIVATE THE UNIT?

1. Download the WAVE App from the Apple or Android store
2. Run the App next to the Cel-Fi and it will connect via Bluetooth. For the GO: Power up GO and connect using WAVE App to register & for the PRO: Power up both the network and coverage unit and establish the link between the boxes. Then connect using the WAVE App to register
3. Once connected, it will pop-up with the registration form to complete. Complete and submit the form
4. The unit will now be active within 30 seconds

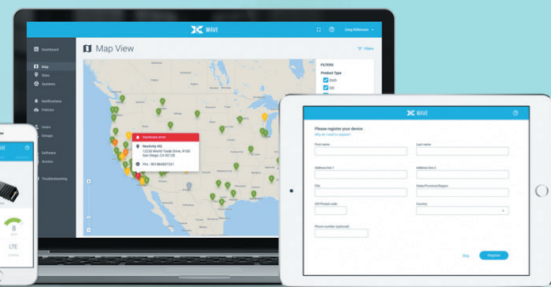

### TELSTRA 3G/4G PRO SMART REPEATER

CELFIPROT | 00421595

The Cel-Fi PRO for Telstra Smart Repeater acts as a signal booster, making it an ideal product to boost and distribute a 3G/4G mobile signal within your home or office.

- Easy five minute setup
- Provides up to 900sqm of indoor mobile coverage
- Supports 3G 850, 4G 700/1800MHz (however only one 4G band at a time)
- Locked to Telstra's Next G, 4G and 4GX networks
- Wireless link between window Unit and coverage Unit
- No internet connection needed
- External antenna port

## THE NEW 600 SERIES - STORIED SOUND FOR EVERY MOMENT

Bowers & Wilkins has announced its new 600 Series speaker range that includes stand-mounts, floor-standers and a matching centre channel speaker.

The new 600 Series receives the Continuum cone from the 700 Series, as well as many other technologies.

It has adopted the tweeter grille mesh design from the 700 Series as also featured on the 800 Series Diamond.

Behind that grille is the proven Decoupled Double Dome tweeter as used in the outgoing range. The dual-layer aluminium diaphragm has a first break-up of 38kHz. However, B&W has improved the tweeter's performance by using an upgraded Neodymium magnet from the 700 Series. There has also been a subtle, yet effective, repositioning of the dome within the diaphragm mounting plate that is said to improve time alignment.

The signature Kevlar cone makes way for the all-new in-house designed Continuum model. The Continuum is still a woven composite like the Kevlar cones and based on the concept of optimised and controlled flexibility, factors that help avoid abrupt transition from piston to "break-up mode" behaviour that impairs openness and neutrality.

The grille pegs have been removed to give the fronts a sleeker look, employing magnets instead. The relocation of the ports further unclutters the frontage. The 600 Series now use the same ports and terminal-tray parts as the 700 Series. This augmentation also means that the loudspeaker has a reduced height so that the 607 (the replacement of the 686), for example, will now sit easier on a bookshelf.

See the full article at [Stereonet](http://Stereonet) by Marc Rushton > <https://bit.ly/2psJUSM>

### SMALL 2-WAY BOOKSHELF SPEAKER

● 607B | 39817842  
○ 607W | 39817844

The 607 is a 2-way vented box stand-mount loudspeaker. Fitted with a 130mm Continuum bass/midrange driver and a 25mm Decoupled Double Dome tweeter (DDD), it will be available in matte black and matte white finishes. It is a replacement of the 686 S2.

RSP INC  
\$949

### LARGE 2-WAY BOOKSHELF SPEAKER

● 606B | 39817836  
○ 606W | 39817838

Next up is the 606, another stand-mount 2-way, this time loaded with a 165mm Continuum bass/midrange driver paired with the 25 DDD tweeter. Again, the speakers are available in matte black and matte white. Matching stands for the 607 and 606 are also available. These replace the 685 S2.

RSP INC  
\$1,149

### 3-WAY FLOORSTANDING SPEAKERS

● 603B | 39817830  
○ 603W | 39817832

The largest of the new 600 Series stable, the floor-standers are a 3-way vented-box loaded with a pair of 165mm paper-cone bass drivers. Additionally, they also feature a 150mm Continuum FST midrange driver and the ubiquitous 25mm DDD tweeter. The 603 replaces the 683 S2.

RSP INC  
\$2,699

### 2-WAY BLACK CENTRE SPEAKER

● HTM6B | 39817848  
○ HTM6W | 39817850

For home theatre lovers, the HTM6 replaces both the HTM62 S2 and HTM61 S2. Here you have a 2-way vented box loaded with two Continuum bass/midrange drivers and a 25mm DDD tweeter. The finishes match the rest of the range.

RSP INC  
\$799

**POE+ WEB SMART SWITCHES**

The Edimax PoE Web Smart Switch is a superb choice to boost your network environment's performance and efficiency.

**LONG RANGE POE DISTANCE EXTENDED UP TO 200 METERS**

Long Range Mode extended power and data delivery distance to up to 200 meters while general Ethernet switches have a distance restriction of 100 meters.

**POE POWERED DEVICE ALIVE CHECK**

The switch can be configured to monitor real-time status of connected PDs by ping action (sending alive-checking packets) to enhance the reliability of the network.

**VOICE VLAN**

Voice VLAN is a special function which allows network administrator to easily prioritize IP voice traffic from IP phone to enhance VoIP service.

**DHCP SNOOPING**

DHCP snooping enables the prevention of malicious or malformed DHCP traffic or the mitigation of security risks from rogue DHCP servers.

**DUAL FIRMWARE**

The switches have two firmware in storage. Denote an active firmware and a backup. If the active firmware is down, instantly switch to the backup to reduce down time.

**POWER BACKFEED PROTECTION**

With the PoE power backfeed protection from the passive PoE injectors, the PoE Switch can avoid damaging the PoE ports.

## THE SAFEST & EASIEST WAY TO MOUNT YOUR FLAT-PANEL TV

WE DID A BULK PURCHASE ON 2 OF THE MOST POPULAR BRACKETS FROM THE SIMPLYSAFE AND SANUS RANGES.

### 27"-110" 127KG TILT WALL MOUNT

VMPL3B | 43130479

The SANUS VMPL3 is the most versatile mount on the market. Virtual Axis allows the TV to tilt up or down with the push of a finger. It features an adjustable design that expands and retracts to offer a custom fit for TVs. Lateral shift allows the TV to move left and right on the wall plate so it's placed exactly where you want it.

RSP INC  
**\$110**

### 22"-50" 36KG LOW PROFILE WALL MOUNT

BY SANUS SIMPLY SAFE MOUNT

VML44 | 43130491

VML44 is a wall mount for 22"-50" flat-panel, TVs up to 36kg. Its low-profile design places the TV just 2.84cm from the wall, so it hangs like a work of art. Angled slots and an integrated level make levelling and installation quick and easy. An innovative safety latch secures your TV to the wall for added safety.

## FACILITATING REAL TIME AUDIO TRANSMISSION

### NETWORK AUDIO ADAPTOR

NX100SP | 01458180

The NX100SP Network Audio Adapter can transmit high-quality audio signals and control data, such as input data over IP networks, LAN or Internet, in realtime

It is especially useful when transmitting audio signals to remote locations, as Internet use keeps running costs lower than the use of dedicated lines.

To learn more about this product, please join us for TOA training on Friday 19<sup>th</sup> October.
