

WPM03 WIRELESS POWER METER WITH 3 MAINS

3 WAY WIRELESS POWER METER

Wirelessly monitor the electricity usage and cost of up to three appliances around your home or office. Reduce your carbon footprint and cut your power bill.

Reduce your impact on the planet and monitor your appliances in use at once. Simply plug an appliance into each sender unit, enter your local electricity price and monitor the usage on the LCD of the receiver unit. You can also monitor the cumulative usage via the memory as well as your greenhouse emissions. 3.5" TFT LCD monitor

The Doss WPM03 Easy to install – no electrician required – and easy to operate.

Features:

- Clock and alarm function
- Time display
- Temperature and humidity display
- Line voltage display
- Line current display
- Line power display
- Total power display
- Greenhouse emissions in kg display
- Receiver requires 3x AA batteries

Specification:

- Radio frequency: 433.92MHz
- Effective distance and wireless transmissions range: 30 metres (in open space)
- Measured Voltage Range: 200 – 276VAC
- Measured Current Range: 0.02-10A
- Measured Power Range: 0.5-2760W

Model: WPM03

Order Code: 11900010

Warranty: 12 months
