## TYRE PRESSURE GAUGE STANDARD

**DCSS®**  
\$12.95 RSP  
INC

TP5 | 07050025

**Take the guesswork out of your car's tyres with this digital pressure test tool. Simple to use, easy to read, and ready to go!**

- ▶ Range: 5~100PSI
- ▶ Built-in LED torch helps to find the tyre stem easily
- ▶ Much easier use than conventional air gauges

## POCKET INFRARED THERMOMETER WITH LASER POINTER

STANDARD

**DCSS®**  
\$43.95 RSP  
INC

IR77H | 47032212

**Non-contact temperature measurement is essential in food preparation & storage, HVAC and for monitoring equipment.**

With less than 1 second response time, this tester is an easy choice.

- ▶ Point, press and read
- ▶ -30°C to +270°C range
- ▶ Emissivity fixed to 0.95
- ▶ Automatic data hold and power off

## ELECTRONIC CLINIC THERMOMETER CONTACT

STANDARD

**DCSS®**  
\$5.45 RSP  
INC

ST137 | 47032220

**Having one of these in your medicine cabinet makes body temperature measurement easy.**

With mouth, armpit and, ahem, "other" testing options, you're going to get an accurate result!

- ▶ 32°C to 42.9°C / 95°F to 109°F range
- ▶ Accuracy of ±0.2°C/0.4°F
- ▶ Response time of 10 seconds

## CARBON MONOXIDE METER

STANDARD

CO110 | 47660001

**Be safe around your heaters with this carbon monoxide tester.**

Since CO is colourless, odourless and can cause poisoning or even death, a tester or detector is essential.

## UNIFI DREAM MACHINE

UDM | 09051606

**\$549** RSP  
INC

UniFi Dream Machine (UDM) is the easiest way to introduce UniFi to homes and businesses. The UDM includes everything you need for a small-scale wired or Wi-Fi network. It's easy to use and still offers all the benefits of UniFi for homes and businesses.

- ▶ High-performance dual band 802.11ac 4x4 Wave 2 AP
- ▶ Managed 4-Port Gigabit switch
- ▶ Advanced security gateway with IDS/IPS and DPI
- ▶ UniFi Network Controller with intuitive user interface
- ▶ Scalable through additional UniFi devices connected to LAN
- ▶ Powered by fast 1.7GHz quad-core processor

The UniFi Network Controller software runs on the UDM, which also acts as a firewall and DHCP server for the local network.

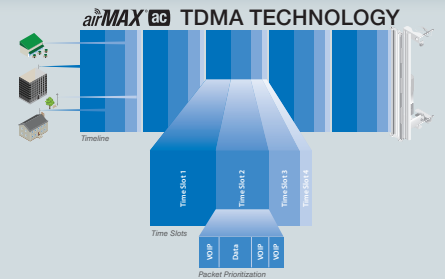

## AC LOCO NANO STATION- 5GHZ

LOCO5AC | 09051378

Ubiquiti Networks set the bar for the world's first low-cost and efficient broadband Customer Premises Equipment (CPE) with the NanoStation®. The NanoStation AC loco takes the same concept to the future with sleek form factors, along with integrated airMAX (MIMO TDMA protocol) technology and dedicated Wi-Fi management. The radio and antenna are combined to create a more efficient and compact CPE. The NanoStation AC loco gets maximum gain out of the smallest footprint. The low cost, high performance, and small form factor of the NanoStation AC loco make them extremely versatile and economical to deploy.

EACH MONTH ONE OF OUR SALES REPS RECOMMEND THEIR FAVOURITE PRODUCTS. **DARREN ROWLANDS' PICK**

**REPS' CORNER**

*Once upon a time...*, whoops sorry, wrong crowd, I do have a story though!

I had a customer looking for quality outdoor monitor speakers. He was an audiophile and knew the difference between an average speaker and a quality one. I recommended the best speaker in this market: the Bowers & Wilkins AM1. He drove an hour to hear them in our showroom and was so impressed he bought several pairs!

These speakers are not aimed at the entry level price market. However they really stand out from the crowd, boasting superior sound, rust-proof aluminium grille, an auxiliary bass radiator at the rear of the speaker to really give the speaker some low end punch whilst keeping a continual seal against the elements and a clever bracket so it can be easily mounted vertically or horizontally.

These are available in black or white with great trade discounts for the installers and if you want the speakers to hide away but still have that great Bowers & Wilkins sound in an IP66-rated package, we also stock the MARINE6 and MARINE8 speakers. These are happy anywhere from the deck of a ship to the outdoor decking at your favourite waterfront restaurant.

**MARINE - CI SERIES**

- Marine 6 and Marine 8 are super-tough to deal with the most demanding installation environments, including marine and outdoor settings.
- ▶ Two-way loudspeaker
  - ▶ IP66 rated
  - ▶ Grille & screws are marine-grade stainless steel
