Electronics & Components

Issue 174 | Sep 2020

The most sought after Home Entertainment

With supply chains being drastically affected by the current Coronavirus pandemic, these big ticket Yamaha Hi-Fi units are like rare jewels, getting harder & harder to find. But we've still got some!

2CH 70W EXPAND DAC / AMPLIFIER

With MusicCast, Bluetooth & AirPlay

WXA50 | 01614720

▶ 70W per ch (6Ω, 20Hz-20kHz, 0.06% THD, 2Ch driven)

▶ Inputs: Analogue+Digital Audio, USB

▶ Outputs: Analogue Audio, Subwoofer

▶ Ethernet, Remote In & Control (Trigger) In/Outputs

RSP INC \$638

5.1CH SLIM NETWORK RECEIVER

With Wi-Fi, Bluetooth, & MusicCast

RXS602 | 01618728

▶ 60W per ch (6Ω, 20Hz-20kHz, 0.09% THD, 2Ch driven)

▶ HDMI® (4-in/1-out), Dolby Vision™ & Hybrid Log-Gamma

RSP INC \$849

NETWORK STEREO RECEIVER

With Wi-Fi, Bluetooth, & MusicCast

RN402B | 01614687

▶ 100W + 100W (8Ω, 40Hz-20kHz, 0.2% THD)

▶ Audio (6-in/1-out), USB, Ethernet & Headphone jack

RSP INC \$594

Something to look forward to!

Although it's too soon to say yet, we do hope to see some new models grace our store later in the year. So watch this space and keep a sharp look out for these 2020 Receivers.

RX-V4 – 5 Channel (RX-V485 Successor)

RX-V6 – 7 Channel (RX-V685 Successor)

OUR COVID-19 UPDATE

We're fully committed to ensuring the ongoing health and safety, not just of our team, but for you, your friends and families too. To that end, we're making a few operational changes:

SHOWROOM IS CLOSED!
FOR GENERAL BROWSING & PICK UPS

- ▶ As of **Monday 13th of July**, our West Melbourne store will be shut to the public until further notice.
- ▶ But business will be as usual for online, phone and email orders. We'll still have a team on hand to answer phones, pick, pack & get orders ready for delivery.

For all updates and details, visit www.radioparts.com.au/covid-19
Stay healthy, and don't hesitate to contact us for any more information.

A MESSAGE FROM THE COMPANY

Dear readers,

With the introduction of Stage 4 restrictions in the Melbourne Metro area, lots of businesses have been hit hard, some even closing up shop. But we're in the very fortunate position to say, we're still here, still in operation (Monday to Friday, 7:30 till 17:30) & determined on not letting this Coronavirus get the better of us!

Just like with the first outbreak, Radio Parts has adapted to all these new regulations that have sprung up in order to best protect not just our staff, but all those we come in contact with, including customers & suppliers:

- ▶ We have closed our showroom from all public access and instead have focused our resources on supporting phone & online orders for deliveries. This has enabled some of our showroom staff to boost the ranks of our customer service team, allowing us to answer your queries & process your orders more promptly.
- ▶ Our staff are now in a work-from-home rotation, which minimises the number of workers on-site whilst maintaining productivity
- ▶ Our returns department will also have an extra set of hands which will facilitate in better response times & faster turn arounds for products
- ▶ We have dropped the minimum price of our free shipping for Melbourne Metro orders to over \$49 to help make things a little easier for our customers

- ▶ We are also looking into possibly implementing a contactless Click & Collect system. This would involve customers purchasing their goods online or over the phone, driving into our car park once the order has been picked, parking in an allocated "pick-up bay" and calling us to quote their order number so a team member can bring the goods directly to the car. (We will advise you if and when this system will go ahead)

Most importantly we would like to acknowledge and thank all our customers for their continued understanding, patience and support with the operational changes we've had to implement due to Coronavirus restrictions. It hasn't been easy, and we sincerely hope you stay safe and continue your much appreciated trading relationship with us, as we all learn to adjust during these troubled times.

All the best! **The Radio Parts Team**

NEED A STB? WE GOT'EM!

Whether you're after a Set Top Box for the tele in the lounge, or looking for a satellite receiver when caravanning, we're sure to have a solution for you.

To view all of the Set Top Boxes we have to offer, search on our website under the category **CONSUMER ELECTRONICS** for **Set Top Boxes**.

EACH MONTH ONE OF OUR SALES REPS RECOMMENDS THEIR FAVOURITE PRODUCTS. **JOE CIOTTA'S PICK**

REPS' CORNER

We've had so many enquiries about which radio to use that would pick up the niche radio station "Rete Italia", since it's move to DAB+ digital radio in Melbourne from early July. Well, I have the perfect solution, the DAB20C!

It can connect to any powered speaker or amplifier, oh and also connect to your existing radio (providing you have an input) giving you access to all the DAB+ radio stations and thousands of internet radio stations around the world.

With its built-in networking capabilities you can also playback all the audio from your local network too, or just stream from your phone or tablet via Bluetooth.

So if you are looking to tune in your favourite station, like Rete Italia, it's so easy as the radio stations are identified by the name rather than the frequencies.

If you're a commercial business, thinking "this won't be adequate enough for my premises", don't worry. We're excited to say we'll also have a component size (DAB20COM) coming soon that will be perfect for rack mounting.

Stay always perfectly tuned to any program with a crystal clear sound and move with the times!

RSP INC \$199

DAB+, FM & INTERNET RADIO TUNER

With UPnP/DLNA & bluetooth
